“ *Brother Daigle, Sis. Janet and family,  
The songs that were sung and the words that were spoken were exactly what God ordained for the funeral today. Everyone knew how precious and good she was and we all knew she was special and how everyone loved her. What you said, were the words of our savior to everyone there, possible to some that never heard the true way to his house. The road to our eternal journey that will bring us to the feet of Jesus. I appreciate when a preacher uses all heavens reasourses at a time like this to preach the gospel. I always said that I want the same when I die. I do not want words spoken about me but to use this time to say something that could win one more soul. We appreciate your precious family and pray that the hands of Jesus will be upon everyone of you to get through the days that follow . Today was a beautiful day as we begin the temporary separation of your precious mother and Grandmother. Thank you.

“ MawMaw Alice, i miss you so much already!  
i remember when you would cook and you'd make me go eat even if i already ate. you were always such a caring, sweet, loving and very gentle person.  
you always cared about me. you've always been there. i would always go swing outside with you under the car porch, and Mom would always visit with you too. and you'd always ask about mom. We both miss you so dearly.  
and remember we used to play Trouble for hours and hours when i would get off of school. we'd always put together puzzles and we played cards. and then you got really sick and you moved. and i hadn't seen you in a while until i seen you at the funeral home whenever i was walking with my mom around town. and i ran up to you and gave you a really big hug. i was always so happy to see you. and we found out where you lived at now and we went see you and i was so happy to see you. you ALWAYS had a smile on your face everytime i seen you, even if you wasn't feeling good you were still smiling.  
i used to sit with you before and after school. and we'd talk. i always did love talking to you. i enjoyed spending time with you.  
me, you, and Grandma bouley would play trouble with you. we had so much fun.  
i cherish those years i've had with you.  
me, and mom miss you so very much MawMaw.  
i'm not gonna say "goodbye". because we will see each other again.  
My heart is so heavy right now.  
i will never forget the memories we've had.  
Iloveyousosomuch Maw Alice.  
Fly High Beautiful Angel. watch over me and mom.  
you will forever be in my heart ❤️ 🙏💕💕💕💕

“ I was raised by her. She was like a mom to me. I stayed with them more than my own family in my teen years. She loved me like I was her own. And took up for me a lot of times when me and the girls would fight.

I sure miss those days. I played many card games and puzzles with her. I was treated like one of the family.

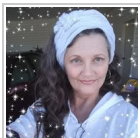

I know she is in a better place without worries, or fears.

I will pray for her soul and the family's sorrow.

Save a seat for me to play spades Junie.
