“ I have not had the opportunity to spend much time with Jack Wade in his adult life. But we spent a lot of time with him when he was young. These are the best memories ❤️ He , his brother, Buddy(to us) and his sister, Helena,were always fun to have around!! He was not quite as mischievous as his older brother, but I can still hear in my head, Aunt Pauline yelling “Jack Wade” on a regular basis! He had good intentions and rarely understood why he was in trouble 🙏 May God greet you with a big hug and say” Well done my good and faithful servant” For all the struggles of your life are now over. Rest In Peace Jack Wade 🙏🙏🙏

“ I just want to take the time out to say thank you on behalf of myself and daddies family... your sympathy and words of love mean so much to us in our time of grief.... daddy was a strong man who was loved by many....he was very loving and very strong minded.... he did his best to help those who needed him and asked nothing in return..... thanks again to all may God bless
