“ *Benji was such a sweet person. I came to know him when I managed the apartments he lived in. He always had a smile and a friendly word.*

“ Indeed he did not like the name John... He would hear John Benjamin, he knew something was wrong... You will be greatly missed by all whose lives you touched... You will always be my brother... PS even though you have your wings now I still see you are playing jokes on me like you always did

“ john hum he never liked that name he was at one time my life line in a storm that was my life he was so full of love and laughter at a time when i needed both i can still remember us dancing me with my two left feet but benji didn't mind one bit.He kept saying ouch in my ear. he had a way of making you love him and a way of making you so mad at times he would always look at me and say don't worry be happy and i would laugh and he would be forgiven but the one thing i will always remember is his gentleness and knowing him an honor being loved by him a privilege he will always be remembered by me and my family and many others family's as well .....G.T.C In the words of Willie nelson and Ray Charles seven Spanish angles took another angle home .
