“ *My thoughts and prayers are with Golda and family. Ken was a great friend to anyone who happened to cross his path. I met him at RAM POWELL nearly 3 yrs ago, and had the pleasure of seeing both him and Golda at the fishing tourney last summer. He would talk with me about friends/family while he was working BCO late at night, and helped a great deal with my training as a NOP. Ken was a good man and a role model to many, he will be greatly missed.*

“ *To Golda and the family, know that Ken and you all are in our thoughts and prayers. I agree with Art, he was taken away from us too early in this life, I bet he'll be watching out for all in his own special way. I met Ken 3 years ago when I moved to Ram Powell and could tell from the start that he was a special person. He was one I could rely on from the beginning to help out anyone in any way. He especially enjoyed working with the new employees and giving of himself in bettering their experiences. He will be surely missed by his Ram Powell family. God be with you Ken!*

“ Ken was a big part of our offshore Ram Powell family. We will be truly miss seeing him everyday in our Control Room. His stories and expertise will be missed by our new employees who he spent much time with helping in their offshore training. Ken will not be forgotten and will be part of many future stories. “ Ken was a good man taken too early from this life. He was a valuable member of the Ram team who I was lucky enough to work closely with these last few years. He will be missed. My prayers go out to his family and friends.

“ My thoughts and prayers are with all of you. Paul was a great person who really loved his family and he lived life to the fullest. Sadly it was cut short. My personal feeling about Paul is that he was a Man's Man in the category and group of Men like John Wayne, Clint Eastwood, Charles Bronson. They don't make too many like that anymore. We never got to race those boats, but I'd have won anyway!!! I'll miss you!!!

“ I met Ken several years ago when we (Bovo-Tighe) were working on team engagement and coaching development on Ram Powell. I remember Ken's participation in the sessions and his commitment to safety and constant improvement. What I remember most, however, are the discussions we had over lunch or dinner regarding his fishing and his family. I enjoyed hearing him talk about his family and how much he loved them and was proud of them. You are in my thoughts and prayers for peace and happiness.

“ I have had the pleasure to know and work with Ken over the past 3 years. He is one of the nicest kindest persons I have ever met. He was one of them people that would do anything in his power to give you a hand at anything you were trying to accomplish. He will be greatly missed, but never forgotten. God Bless you Ken.

“ I meet Ken 6-years ago when I arrived at Ram Powell. All though we had never meet in person, we both had been following each other around our whole lives as teenagers in high school we shared some of the same relationships though we lived 50 miles apart we knew of the same people and visited the same local hangouts. We started our off shore work careers at the same time though with differing company's we both worked on the same facilities within a short time of each other or worked within ½ mile of each other, close enough to here the alarms on each others platforms. All that comes to mind at this time is (How Small Is the World We live In) and to say the least Paul and I became quick friends, someone I and many others he came in contact with who can honestly say, we are the better for having him in our lives. I will miss my friend and co-worker greatly and only wish we could have had more time. Ken will always be a roll model to me for the way he demonstrated his love for family, his passion for life (Hunting, Fishing, and Music, Enjoying the outdoors and Helping others). I believe God puts us in the world for a purpose and when that purpose is complete he calls us home. I know Ken would won't me and his other many friends to remember him in our actions to each other until we meet again...

“ I personally want to express my heart-felt loss both to Golda, his children and grandkids but also to the personnel at Ram Powell. Ken has been a part of Ram since 1997 and will be missed tremendously! I have had the pleasure to work with Ken the past 3 years and really got to know him over the past year as his supervisor. Ken's passion around safety, coaching, teaching and learning made him a leader in our community. I have also had the pleasure to meet his wife on multiple occasions and know where his heart lied when it came to Golda. We will all miss him and know we will meet again in heaven. God Bless you Ken.
