“ *Just wanted to say thank you to everyone who was able to attend my mother's funeral, and to all of those who have posted kind words here. In a world that seems to get crazier and crazier every time you turn on the news, it truly helps to heal my heart to know how much my mom was loved and respected. She believed in hard work, had a strong moral compass, and was hands down the toughest person I've ever known. To those she loved (which is more people than I could name, and more than you could possibly imagine), she loved with all her heart. I was truly blessed to have her as a mother, and I know my brother would say the same thing. God bless all of you, and thank you.*

“ Lucille was always there for us when we had questions or needed help. She was so patient and helpful when explaining things. She always tended to anything we needed quickly and efficiently. Kind caring soul. I will truly miss her and pray she has found peace and love where she is now. God Bless Ms. Lucille.

“ I too have worked with Lucille at city hall for about 13 years. She was always so kind and sweet... never a negative word or attitude. If the conversation would start to lean toward being negative toward an individual, she would stop and say something like "But look at it like this" or "Maybe the person meant this or that". She was always positive. As she started getting farther along in her illness, I would stop by her office from time to time to see how she was doing. I'd say "How's it going, Luc?" She'd smile and say "It's going!" Always smiling and being positive no matter how bad she really felt. She was such a special person and will be missed and has been missed since she hasn't been able to be in the office lately. Barry, please let me know what I can do to help.
