“ *I want to express that my heart goes out to all of you. Your mother was a very special part of my life and I am happy that I had the honor to have know her for all my life. She will be truly missed. She was a remarkable person and my heart hurts that she is no longer here. Everytime I see Lets Make A Deal I can't help but think of her. When my mother passed so early in life I remember telling your mother that she now had to be my other mother and until her stoke she is the one I would call on for personal advice. In my younger years she always called me Little Claudette but after the stroke, I was lucky that she still recognized me, but then she was too honest and would always tell me that I was fat. With me being so far I do regret that I did not get to see her atleast one more time before her passing but I have so many memories that I will keep close to my heart. As she would say "I don't know, I guess it will be ok, but its not easy.*

*With my deepest sympathy,
