“ To the family of ms. Guillory:
Prays will not catch these criminals who are taking the lives of
young women--who need a chance to live--it takes --shrewd,smart,
men and women who dare to try to do something different.
They must be a part of an investigation that
put 'even' their lives on the line.
i once met a serial killer in 1978---and i lived
because ---i lied--about an appointment.
that did not exist---
He---had murdered one--then 3 months later
murdered 4 more---
I survived because ---I lied--and he believed it
but i live---I am sorry for all the familys of now 8----
If I could solve this crimein which there is
a reward--I would pay a lot of bills
give a lot to sexual abuse prevention
victims---like many of us
God Bless all of the familys of 8 innocent people
because ms. guillory cannot read this
but you----can
May God bring justice to all and
the ability to the law the solve these
crimes.
