“ *Michael,  
We are very sorry for your loss. It's hard when you loss a member of your family, especially a mom. She was a good person in her own way, she loved to have fun and that made her the person she was. She had 3 great sons she was very proud of. She loved everyone of her grandkids also. You and your family will be in our prayers.*

“ My mother was a person who loved to help people and at the same time needed as much help as she gave out. She has been down a rough road in her life and is finally at home where she will receive no pain but all the love she needs. I am glad she will be able to see her parents, sister and two brothers who have been waiting for the next person of the family to come home. We all miss each and everyone of ya'll and will meet again one day. God please give me the strength to continue on until it is my time to come home. Will miss you MOM and Love You Always, Michael.

“ *Norma was my sister, and all though she was not perfect she was still my sister. May she be at peace and with the other family members we have lost.*

*I am not the type to judge others, that is Gods honor.*

*I personally believe that there is a Heaven & a Hell. We live our lives in Hell with all the temptations and trials, and it is what or how we handle those that determines when we get to go to Heaven. And only you and God controls that. So it is up to us to answer for what we have done and is no-one to deal with that but the person who is in front of God.*

*All we can do is be grateful that God has final call her home. And wish her peace.*

*I love my sister and all my family, and pray that they love me too. And hope they keep in touch with the rest of us.*

*Love*
