“ *I met Johnny in October of last year when I began working in Iota. I visited with him in his home as well as in the day program where he worked during the day hours. I only knew him for a short time, but learned how much of a pleasure he was to be around. He will be missed but is in a better place now where he has no pain or discomfort. May God provide the strength and courage to all of you during this time and know that Johnny will not be forgotten!*
