“ To my beloved cousin I love you more than words could ever say never got to see you a whole lot because we were always busy with our families life is funny Because we haven't talked in God knows how long just because we're always too busy but we actually conversed through Facebook yesterday. Talking about memory from when we were younger and we got caught riding in the car you on top of the car be the driver and dad beat the dog mess out of me. I do hope that when you broke the doors of heaven mama and daddy and your mama was standing right there along with your grandparents with their arms wide open with a hug and a kiss and letting you know just how much we love you. The minute I found out I went straight to my knees and prayed and talk to mama and daddy and told him to take care of you although I know you were taken care of and in a lot better place than us. God is great and I know he is taking care of you I don't know what I'm gonna do not just now I can call and check on you or something. I want you to know that I won't be able to be at the services But know that I love you with all of my heart ❤️ .
