“ *Tom was my big brother. My thoughts return to my childhood memories of growing up together. I can still see us climbing that tree in the backyard to pick the China balls and have a China ball fight. We spent many summers and holidays at our grandparents' home, learning so much and loving every minute of it. Tom has always been there to help me if he knew I needed it. Even though we lived far apart, there was always that sibling bond, not easily broken. He gave of himself to help others. It is with a heavy heart that I must say goodbye to another sibling. I will miss his smile and his way of making me laugh, but one thing I will miss the most is his phone call, without fail, every year on my birthday. That missed call has already happened for me, and it broke my heart not to hear his voice. I will miss you, Tom, and you are always in my heart.*

“ *We send our love and prayers to all of you. Tom will be greatly missed. You have all become part of our family and i wish i could say words to make it better but there aren't any. Time will heal the pain but he will always be missed. Like Joey we will remember him with beer in hand and standing over a boiling pot of crawfish. Gods speed Tom we will all be together again for a big crawfish boil.*

“ Tom was my one and only brother. Even though 6 years separated us, we loved each other in our own special method. We could communicate together without words. As normal siblings, we had the ups and downs, but it was always good in the end. As much as I craved for us to be closer, I believe he craved the same thing. I would not ever trade him for anyone else. Tom, you will always be special to me and I know you will watch over me and guide me in my journeys. I love you deeply. Your Bro

“ *Uncle Tom was a wonderful guy to be around. I will always remember him with a beer in one hand and standing over a crawfish pot or barbecue pit. He was very understanding if you needed someone to talk to. I will miss him very much and he was very loved*

“ *I knew Tom for a short period of time. However, I felt as if I've known him all my life. His love and warmth was felt by all that crossed his path. I wish I'd been able to spend more time with him. The last day I saw him, I felt the love in him for me as he said goodbye. Had I known that would have been the last time I would see him, I would have insisted that he stay longer. I will never forget Tom or the tenderness he had for his fellow human beings.*

Tom, you are gone but you will never, ever be forgotten. I will ALWAYS cherish our friendship, kinship and the special bond we shared!

Love always, Buddy
