“ He was not only a best friend to my son zack
He was like family to us,
He was our go to,,,to have cook outs
He knew how to cook that's for sure
Gave the shirt off his back to help someone
He was only a phone call away.
He was a outstanding person to work
Next to, life of a party.,, just hard to believe
Hard to wrap our heads around it,, I just know
He will be cooking it up right next to his mom
And his other loved ones.. his dad is a sweet heart like him, keep
his dad in yall prayers,
And to all that loves him dearly💔💔💔 RIP
TYRON GUIDRY 💔💔💔

“ Tyron was an amazing young man, a giant with a gentle soul. I loved having him in my class all four years that I taught him. He was a part of my son's class, and he was like one of my own. I have beautiful memories of his laughter, his kindness, and his sense of humor. He loved his family, and I know that although it is a sad situation, he is once again in his mom's arms. Rest in peace, Tyron. You will be missed.

“ Tyron was a pleasure to work with. He was always there to lend a hand or an ear or just to talk smack with on a bad day. He made the day flow a lot easier. After so many years of working together, he became a friend to us all. He will be greatly missed, and I think I speak for my entire team when I say he was a light around Supreme Rice Mill. The USDA FGIS team send their deepest condolences and prayers to Tyron's father, family, and friends during this difficult time.

“ I don't know Tyron personally, but I know him through talking with his mom. She taught me to drive and while driving she talked about her son and especially about how he could cook. I will never forget the joy on her face when she talked about him. Sending condolences and prayers to his family and friends.
